The rain of Thursday night totaled  
1.7 inches according to Judge H.  
Haass' rain gauge. While noth-  
ing was suffering for moisture the  
rain, nevertheless, was of value as  
it will keep the growing crops grow-  
ing for some time and practically  
insure a good oat crop.

The Hondo Aztecs, our Mexican  
ball team, met its first defeat  
last Sunday when it went up against  
the Richbrook Veterans, the latter  
winning the game by a score of 4 to  
1. The Aztecs will meet the Coca  
team of San Antonio tomorrow in  
a double-header on the local diamond.

P. Swallow, W. H. Darrow and Mr.  
Johnson, pecan specialists from the  
A. & M. College Extension Service,  
were busy last week in various parts  
of Medina County budding pecans.  
Between 7,500 and 10,000 buds of  
improved varieties were used. In  
the course of a few years these im-  
proved varieties will contribute  
materially to improving the average  
quality of Medina County pecans.

## Three Hail Storms In Three Hours Friday Evening

Rain storms have been the  
prevailing weather condition for  
the past two days, the total pre-  
cipitation being considerably  
over 4.00 inches.

The rain Thursday night  
amounted to 1.47 inches, the  
fall of Friday evening 1.47, and  
Friday night 1.48.

Considerable hail, some as  
large as small hen eggs, fell in  
the town during Friday evening's  
storm. Some hail also accom-  
panied the night rain, but was  
rather small.

Reports from the country are  
rather meagre, but from the  
best information obtainable early  
Saturday morning it appears  
that the town was about the cen-  
ter of the hail storm. However,  
besides threshing fruits and mak-  
ing truck look rather ragged, no  
very material damage was done.

## THE FIREMEN'S BAZAAR AND DINNER.

The Bazaar and dinner given Tues-  
day by the ladies of Hondo for the  
benefit of the Hondo Volunteer Fire  
Company was an eminent success.  
The tireless efforts of the good  
women in making the preparations  
were rewarded by a generous pat-  
ronage and netted the Fire Company  
a handsome sum.

Not only are the promoters pleased  
but the entire citizenship of Hondo  
is proud of the achievement.

We have been asked to convey to  
the public the following expression  
of appreciation:

"We wish to thank the people who  
so generously assisted in making a  
success of the dinner and bazaar  
given for the benefit of the Fire  
Company, and the out-of-town  
people for their needed help. We  
also thank Mr. O. H. Miller for his  
splendid donation.

Gross Receipts ..... \$812.15  
Donated by O. H. Miller ..... 100.00

Expense ..... \$912.15  
57.80

NET ..... \$854.35

This amount deposited in the First  
National Bank.

MRS. H. J. MEYER, Chairman.  
MRS. HORACE BRADLEY, Sec.  
MRS. C. J. BLESS, Treasurer.

## FUNDS FOR THE FIRE COMPANY.

Seeing the interest the public took  
in the firemen's benefit bazaar and  
dinner Tuesday; several of our citi-  
zens took it upon themselves to cir-  
culate a subscription list to still fur-  
ther increase the Company's finances.  
So generous was the response that at  
last report \$1,857.50 had been sub-  
scribed. The list was still in the  
hands of Mr. E. W. Lacy and Mr.  
Joe Ney when we saw it last, and no  
telling how much more has been  
added since.

We have been asked to publish  
the following appreciation.

"We wish to express our thanks  
and appreciation for the liberal con-  
tributions and hearty co-operation of  
those who enabled us to do so well  
as we did in collecting for the fire  
funds. We have near \$1,900.00 on  
our list and would be pleased to see  
it put up to \$2,000.00. Any one  
whom we failed to see who wishes to  
contribute to this fund can leave  
the contribution at either of the  
banks in Hondo.

Sincerely,  
Soliciting Committee.

## MARRIED.

Mr. T. E. Bogges and Mrs. J. B.  
Kindle took their friends by sur-  
prise Tuesday of last week by quiet-  
ly stealing away to Bandera where  
they were married at the courthouse  
by Judge A. L. Mansfield of that  
place.

The groom is a painter and paper-  
hanger by trade and has made his  
home here for several years. Mrs.  
Bogges has been making her home  
with her mother, Mrs. X Wantz, and  
the couple will continue to reside  
in Hondo.

This paper joins in congratulation

## A CORRECTION.

In the usual hurry and rush of  
getting out the paper, the names  
of four of the signers of the San  
Jacinto closing notice were inadver-  
tently omitted from last week's  
published list. They were: O. H. Miller,  
Carter & Bader, C. J. Bless and S.  
Miller. The compositor overlooked  
the names and the proofreader went  
over the proofs hurriedly, without  
holding copy. Hence the oversight.  
We regret the oversight and only  
trust no harm was done.

## WITH THE DRILLERS.

News from Ina No. 3, the first of  
the four wells contracted for by the  
Trinity Drillers, is to the effect that  
casing was on the cap rock Thurs-  
day and that the well will be drilled  
in about Tuesday. The log of this  
well has checked exactly with Inas  
Nos. 1 and 2 and with the O'Brien  
well. A good deal of oil has shown  
up on the slush pit, and there is no  
doubt that No. 3 will be a good pro-  
ducer. The cap rock was reached  
at around 900 feet.

The O'Brien well went on the  
pump the latter part of last week,  
according to our information, and  
is making something in excess of  
fifteen barrels. The well, however,  
is not yet in good physical condi-  
tion, and it is thought it will do  
better when put in first class condi-  
tion.

Carl Bros. well on the L. J.  
Schmidt ranch, is shut down at  
around 2,200 feet, after passing  
through the Edwards lime. We un-  
derstand, however, that the suspen-  
sion of operation is only temporary  
and that it is the purpose of the  
promoters to carry the well on down  
to the Trinity sand unless pay sand  
is encountered at a less depth.

Will Metzger, who has charge of  
the drilling for the home company,  
after many delays, spudded in at  
4:00 o'clock last Saturday afternoon.  
The last report from the well shows  
he had reached a depth of approxi-  
mately 165 feet but drilling had  
temporarily ceased while minor re-  
pairs were being made to the en-  
gine that furnishes the water supply.  
Mr. Metzger is very enthusiastic  
and asserts his faith in bringing in  
a gusher within the next forty or  
forty-five days. He is drilling in new  
territory and the progress of the  
well will be watched with absorbing  
interest.

We have heard nothing as to what  
is being done at the other wells.

There is a rumor that another  
home company is being formed, but  
we have been unable to get any  
information as to the truth or fal-  
sity of this report.

## PROGRAM AT YANCEY.

The people of Yancey will enjoy a  
musical program tonight. The musi-  
cal numbers will be rendered by Miss  
Pauline Stippich, an experienced  
pianist, and Miss Irene Saathoff,  
Hondo's own talented violinist. Prof.  
J. F. B. Beckwith, will give several  
was formerly an instructor at Baylor  
select readings. Prof. Beckwith  
University.

Knowing Miss Saathoff as we do,  
and judging from the reputation of  
those accompanying her, we are sure  
a delightful treat awaits the Yancey  
people tonight.

## MARRIED.

Miss Mary Fohn, daughter of Mr.  
and Mrs. John Fohn, and Mr. Alex  
G. Wendland, son of Mrs. August  
Wendland, were happily married at  
the home of the bride's parents on  
Wednesday afternoon at 3:00 P. M.,  
Rev. Planchett, pastor of St. John's  
Catholic church officiating. The  
young people will make their home  
in the Elstone community.

## TONIGHT AT THE STAR.

J. E. Williamson's remarkable pho-  
togram, "Wonders of the Sea," to  
Film Booking Office release, which  
will be presented for the first time  
in this city tonight at the Star  
Theatre, was made possible by the  
Williamson Submarine Tube System  
and presents both scientific and dra-  
matic features which will make  
new era in motion picture history.

The picture teems with entrain-  
ing scenes enacted on the bottom  
of the ocean. Divers descending to ba-  
tle with giant octopuses and other  
monsters of the deep, are recorded  
on motion picture films by a camera  
man concealed in the observa-  
chamber of the Williamson Sub-  
marine Tube System fathoms be-  
low the surface.

The daring cameraman who di-  
rected the photographic work is J. Rescher  
who has had wide and varied experi-  
ence in the field of photography for  
a period of ten years, and has to his  
credit the filming of twenty-six ex-  
standing picture successes. For the  
past four years Mr. Rescher has been  
engaged as chief photographer of  
J. E. Williamson, and is responsible  
for the clear-cut, excellent pho-  
tography which characterizes the  
Williamson under sea productions.

Most of the underwater scenes  
"Wonders of the Sea" was filmed  
a depth of from 35 to 80 feet.  
Rescher says, though, that some were  
taken at a depth of 85 feet.

## LADIES FORTY-TWO CLUB.

The first meeting of the mem-  
bers of the Ladies Forty-two Club since  
the close of the winter season was  
held on Thursday afternoon at  
Mrs. Robert Bendele, Mrs. Geo.  
Heyen and Mrs. P. Jungman  
hostesses.

Twenty-one members and a  
guest assembled at the appointed  
hour, and, after the usual num-  
ber of spirited games, it was found  
that Mrs. Horace Bradley had made the  
highest score by winning eleven  
games and Mrs. W. H. Smith  
scored with five games.

The table decorations were beau-  
tiful, of roses and ferns and the favor  
were corsage bouquets of roses  
and sweet-peas. Delicious  
wishes and iced tea were served.

Besides the guest of the afternoon,  
Mrs. Leo Schweers, the following  
members were present: Mesdames  
Earl Starnes, Roy Stone, Alice Re-  
hart, H. J. Meyer, O. H. Miller,  
Jungman, F. S. Cockrell, Earl B.  
C. J. Schuehle, W. O. Rothe, Ben  
Merriman, Geo. Heyen, Fieble  
Davis, L. J. Brucks, Horace Brad-  
ley, Felix Batot, Robert Bendele,  
Noonan, W. H. Smith, F. H. Schuehle  
and M. H. Muennink.

The hostesses for the next meet-  
ing will be Mrs. Hy. Merriman, Mrs.  
H. J. Meyer and Mrs. O. H. Miller.

## DIED.

Kenneth George, the three week  
old son of Mr. and Mrs. Emil  
Britsch, died Monday morning about  
ten o'clock and was buried in the  
Britsch family cemetery on the  
Hondo Monday evening, Rev. G. E. Gra-  
ber, pastor of St. Paul's Lutheran  
church officiating.

The babe had been delicate since  
birth, but it was hoped that, with  
constant care, its stay on earth could  
be prolonged.

The little fellow was the only  
grand-child of Mr. and Mrs. Mat-  
thias Rath and Mr. and Mrs. Louis Britsch.

The Anvil Herald joins in sym-  
pathy for the grief-stricken young  
parents.

SATURDAY, APRIL 26, 1924.

WANTS JUDGE GARNER ON THE  
NATIONAL COMMITTEE  
Corpus Christi Caller—Tuesday—  
April 8, 1924.

Texas long has prided herself up-  
on her distinguished statesmen. And  
no one, considering the list of Texans  
who have won honor and distinction  
in the fields of politics, can deny  
that she has reason for that pride.  
The gentlemen who represent Texas  
in the national capitol have the re-  
putation of a long line of distinguished  
predecessors to uphold, and no one  
has upheld these reputations more  
loyally or more ably than Hon. John  
N. Garner.

John Garner is a Texas institu-  
tion. And more—he is a national  
asset. Few men have labored longer  
in congress for the good of his con-  
stituents and the good of the nation  
than he; none have labored more  
faithfully. He is unquestionably the  
outstanding member of congress to-  
day, on either side of the house. No  
one possesses a larger personal in-  
fluence, or boasts a larger personal  
following.

That record which he bears has not  
been won by mere chance. It is  
his by right of conquest. His  
courage, his honesty, his sincerity  
and his sound, practical common  
sense have been the attributes that  
have carried him to his high place in  
the esteem of a nation. Even those  
who by political traditions or party  
affiliations oppose him, respect his  
judgment and admire the ardor with  
which he fights for what he believes  
to be the right.

Never, in his more than a score  
of years in congress, has he evaded  
an issue. There is never any doubt  
as to where he stands on any ques-  
tion.

Corpus Christi, whose interests  
John Garner so long represented, and  
whose interests he still represents,  
although it has been deprived of his  
direct services by the revamping of  
the congressional map, owes much  
to the Uvalde statesman. The people  
of this section know, and will re-  
member, that he, more than any  
other single individual, was respon-  
sible for the designation of Corpus  
Christi as a port site. They know  
that they can depend upon him to  
fight for any just claim that they  
may make.

The suggestion has been made that  
John Garner be elected democratic  
national committeeman from Texas.  
It goes without saying that the voters  
of this section should render their  
whole-hearted support to the sug-  
gestion. No man could be better  
qualified for the position; no man  
deserves it more than he. All Texas  
owes a debt to John Garner; we, in  
Corpus Christi and this entire sec-  
tion, owe more than we can ever  
pay.

If the people of this section do  
not accord to John Garner their un-  
qualified endorsement for the office  
of democratic national committee-  
man at the state convention next  
month, they will be deliberately ig-  
noring their opportunity to repay, in  
some measure, the debt that we owe  
to him.

ALTO FRIO ENCAMPMENT.  
The fifth annual session of the  
Alto Frio Baptist Encampment will  
open July 4th with a patriotic address  
by Dr. J. Frank Norris of Ft. Worth.  
A barbecue will be given by the  
citizens of the Frio Canyon or this  
opening date. Accommodations will  
be provided for eight thousand people  
on this opening day. This is done  
by the citizens in appreciation of  
the worth of the Encampment, and in  
joining in an endeavor to make Alto  
Frio, not only the greatest Encamp-  
ment in the state, but in all the  
South.  
The Encampment will last ten  
days. There will be operated on the  
grounds a grocery store, filling sta-  
tion, barber shop, restaurant, press-  
ing establishment, milk and vegetable  
wagons. Notwithstanding the grounds  
are forty miles from the R. R., prices  
on all commodities, unless it be ice,  
will conform to prices on the R. R.

MEDINA COUNTY.  
From Medina County Schools Bulletin.  
Medina County is a typical Southwest county with an abundance of  
natural resources yet undeveloped. Prior to its organization it was the  
natural gateway for the Mexican armies when they made their attacks  
and invasions upon helpless citizens of San Antonio and cities farther  
east. The Meridian Highway passes through Natalia and Devine in the  
southeast part of the county. The Old Spanish Trail passes directly east  
to west through the central part of Medina County. This old trail is now  
in a high state of development, and is one of the most important highways  
that connects the East with the West. The first settlement was established  
by Henry Castro in 1846 on the banks of the Medina River. Immediately  
after this settlement three other villages sprang into existence—one at  
Quihí, one at D'Hanis and the other at Vandenberg. The growth of  
these "burgs" was steady, and its influence began to radiate in every  
direction. The towns of more recent date are Hondo, the county seat;  
Devine; LaCoste and Yancey.

The county has a varied soil. The northern one-third consists of lime-  
stone hills with fertile valleys between. The central part is black waxy  
and chocolate. The southern portion is sandy and sandy loam. The  
central and the southern portions and the lands of the Medina Valley  
are especially adapted to the raising of grains and cotton. The rainfall  
is ample, average 28 inches. The raising of cattle, sheep and goats is  
carried on extensively in the northern parts of the county. Besides these  
agricultural pursuits we have coal mined near Natalia; brick made at  
D'Hanis and Seco kilns with a 100,000 daily capacity.

The financial part of the county is taken care of by The First National  
Bank and the First State Bank at Hondo; Adams National Bank at Devine;  
LaCoste National Bank at LaCoste; D'Hanis State Bank at D'Hanis, Texas.  
The Telegraph and Telephone systems have a network of wires connecting  
every rural home with its Central Stations at Hondo and Devine. The  
Medina Valley Irrigation Company has erected two large dams on the  
Medina River and by gravity canals is irrigating thousands of acres of  
land in the eastern and southeastern portion of the county. Rice, fruits,  
vegetables and grains are the staple crops from these irrigated lands.

Since in a democracy all things wait on education, we pride ourselves  
that we have agricultural improvement, wealth production, the best home  
life, good health conditions, intelligent citizens, efficient government,  
social justice, splendid churches of all denominations, fraternal orders,  
constructive leadership, and good community life.

EVIDENCE OF PROGRESS.  
About a decade ago Medina County had 36 rural schools under the  
supervision of the County Superintendent. There were also three In-  
dependent Districts. These schools were classified as one teacher schools  
doing any amount of work according to the needs of the pupils. The  
Independent Districts had some form of classification and followed vaguely  
some form of outline gotten out by the State University. Two of the  
rural districts had a ten cents local tax, and one of the Independent  
districts had a local maintenance tax. The three Independent Districts had bond  
issues. There were employed in the schools at that time fifty white  
teachers, thirty-six in the rural school districts and fourteen in the  
Independent Districts. The certification of these teachers was Permanent  
certificates, five; First Grade, nineteen; Second Grade, twenty-six.

This year there are thirty-two rural schools under the direct super-  
vision of the County Superintendent's office, and are classified as follows:  
one teacher, nineteen; two teacher, nine; three teacher, one; four  
teacher, two; six teacher, one. We now have fifty-four teachers employed  
in the rural districts, and twenty-seven in the Independent Districts.  
This makes a grand total of eighty-one white teachers. The certification  
of these teachers is as follows: Second Grade certificates, sixteen; First  
Grade, forty-five; and Permanent Grade, twenty.

Seven of the school districts have no tax rate for maintenance. The  
foreign element of scholastics in some of these districts have assisted  
materially in receiving enough apportionment from State advalorum to  
maintain the schools for a period of eight or nine months. In two districts  
there are strong parochial schools. Many of the children attend school  
there. The scholastic revenues for these particular children are used  
to maintain the public school. Hence no need of any local maintenance.  
Two rural districts have a \$10,000.00 bond issue, each, and one district  
has a \$12,000.00 issue. All of the Independent districts have bond issues,  
and a tax for local maintenance. Twenty-three districts have a local  
maintenance tax ranging from ten cents to \$1.00 on the hundred dollar  
valuation.

MEDINA COUNTY AGRICULTURAL DEPARTMENT.  
This department is under the able management of Mr. C. M. Merritt,  
County Demonstration Agent. In Club Work Medina County is recognized  
by the Extension Department of the A. & M. College of Texas as a

MEDINA COUNTY FAIR EXHIBIT  
State Fair at Austin 1923.

County of the "A" Class. This is due to the efforts of the County Agent  
and perfect co-operation of the county superintendent and the teachers  
and citizenship for the past several years.

Medina County was somewhat late to employ an agent, where we lost  
on time we made up in "pep" though. Every department was vigorously  
pushed. The live-stock division has brought into the county more pure-  
bred stock the last five years than were ever brought before, among  
which are Duroc-Jersey Hogs, Poland-China Hogs, Holstein Cattle, Jerseys,  
and all types of fine strained chickens. The grain and cotton departments  
have received similar attention.

The Club Work has been vigorously pushed. Medina County Fair, which  
is the mirror of co-operative work, ranks high in exhibits both in county  
and State. Last year the Medina County farm exhibit won first prize  
at the State Fair held at Austin, Texas.

MEDINA COUNTY HEALTH DEPARTMENT.  
Dr. W. H. Smith of Hondo has charge of the County Health Depart-  
ment. He is very enthusiastic in his efforts to stamp out sickness and  
disease. With his corps of volunteer workers, he has done much for  
the schools. His lectures before the various school organizations and  
his other civic gatherings are instructive, inspiring and to the point. His  
advice in health teaching is to establish good health habits, and clean  
daily living everywhere, and to make the direct application to the children's  
daily lives.

MEDINA COUNTY DISTRICT SCHOOL BOARDS.  
The schoolboard of each Common School district is composed of three  
members—Chairman, Secretary, and Member. The boards of the In-  
dependent Districts are composed of seven members.  
The Rural district school board organization lacks much of being  
perfect, still the annual meeting held in August of each year does much  
towards stimulating a greater interest for the cause of education. A  
program and round-table discussion make these meetings very enjoyable  
as well as profitable.  
The purpose of this school board organization is to study the school  
laws, duties of school boards, standardization of schools, possibilities of  
an consolidation, co-operation of parents, teachers, and schoolboards in an  
endeavor to give to the boys and girls the BEST educational opportunity.  
Meals can be had at the restaurant  
for forty cents equal to the best  
meals served at local hotels.  
The Alto Frio grounds are in the  
picturesque Frio Canyon, forty miles  
north of Uvalde and Sabinal. Per-  
sons going by rail will be met at  
Sabinal, conveyed to the grounds  
and back to the R. R. free of charge.  
This free transportation is furnished  
by the citizens of Sabinal, and is  
only another expression of interest  
and co-operation of a great people  
over a great section in a great En-  
campment.

## B. O. PARKER VISITS CITY IN INTEREST OF THE CALIFORNIA FRUIT GROWERS EXCHANGE.

Mr. Parker, who was in our city Wednesday in the interest of the California Fruit Growers Exchange, states that the largest lemon and orange crop in history will be grown this year. He states that during the season just closed there was approximately 113,000 car loads of oranges, lemons and grape fruit shipped and marketed with success in the United States and Canada, which was the largest ever grown, this from the report of E. G. Dezell, general manager of the California Fruit Growers Exchange.

### Orange Crop.

This year will find at least 1000 car loads, or 400,000 boxes, or 80,000,000 oranges more than has ever been grown before from California alone. While mother nature has grown the fruit small in size it will be of unusually fine quality, being thin skinned, full flavored and juicy. Oranges, this year in size, follow our national sports, running from the size of a baseball to that of a golf ball.

### Lemon Crop.

According to an estimate just completed by Mr. T. H. Powell, Lemon Fruit Growers Exchange, this year is to show the largest lemon crop in history also. Mr. Powell states that there will be 3,581 car loads or 5,432,000 boxes approximately, shipped from California this season, and that the quality and size will be exceptionally good.

### The Sunkist Fruit Extractors.

Necessity is the mother of invention, therefore, the Sunkist Fruit Juice extractor. Considerable effort is being put forth by the California Fruit Growers Exchange among the Soda Fountain and Cafe Industries. This organization has taken over the patent rights of the Blessing Fruit Juice Extractor, changed the name to the Sunkist and is placing them in all places where juice or drinks are sold at actual cost.

Mr. Parker states that this little machine is a god-send to anyone who uses fruit juice for any purpose, as it bursts and shreds the millions of tiny vein cells which contain the rich juice and takes from the fruit all the digestive acid, organic acid and Vitamine qualities which are found in abundant quantities in citrus fruits. Mr. Parker states that there is now about 13,000 of these machines in use.

## QUIHI NOTES.

Sunday school at Bethlehem Lutheran church will begin, from next Sunday on, promptly at 9:00 o'clock. All parents are kindly requested to send their children.

Next Sunday morning divine service will be held at the New Fountain Lutheran church at 10 o'clock. All members of that community are cordially invited to all services in this church.

A congregation much larger than the seating capacity of Bethlehem Lutheran church came to this church last Sunday night to hear the Luther League program. Every number on the program was well rendered and greatly appreciated by the large audience. These programs evidence the musical and literary ability of the Quihi young people, afford the people of this community many a fine musical and literary treat and exert a wholesome influence on all. The participants on the program last Sunday night were: Mrs. Henry Schuehle at the organ; essay by Mr. Alf. Oefinger; readings by Mr. Alf. Saathoff and Miss Emma Nietenhoeffer; song by Miss Elsie Mumme; male quartet led by Mr. Arthur Grell; instrumental music by Messrs. Frank Boehle and Anton Grell; declamation by Miss Evelyn Gerdes; quartet led by Miss Bertha Oefinger; two renditions by the church choir and a lecture on Pontius Pilate by the pastor concluded the interesting program.

## DISTRICT COURT.

The Spring term of the district court convened at the court house Monday morning, April 21, Judge R. H. Burney presiding, and all the court officers being present.

The empaneling of the Grand Jury was the first business of the court, after which, the day being observed generally as a holiday, the court adjourned until Tuesday morning.

The following qualified as Grand Jurors: J. W. McCaughan, Eric Rothe, O. H. Miller, Joe Schmidt, Joe Drotcourt, L. W. Burrell, Otto Wurzbach, Eddie Haby, Wm. Finger, D. W. Short, G. D. Whitfield and Otto Brucks.

O. H. Miller was appointed foreman.

In his usual forceful way, Judge Burney instructed the jury as to its duty to inquire into all reported violations of law and to report bills of indictment wherever the evidence warranted such action. In that connection the Judge deplored the disrespect for all law that is now prevalent over the country—disrespect for the law being the basic cause for the wave of law-breaking that now afflicts the country—and admonished the jury as to its duty in helping to restore in the public mind that wholesome respect for law which affords the only basis for social order and safety.

The following were sworn in as Grand Jury bailiffs: Dave Allen and Bud James, foot bailiffs; J. R. Stroud and Ed Burnett, mounted bailiffs.

Tuesday morning the following were sworn in as petit jurors for the first week: H. W. Butts, W. O. Rothe, W. G. Poehler, O. E. Lacy, Jno. G. Britsch, L. F. Rothe, E. McAnelly, W. G. Briscoe, Jno N. Conrad, Simon B. Heath, Alex Bohl, Leo Batot, Polk Childress, Jr., Albert Brucks, L. R. Neuman, Elbert Wilson, Arthur Nester, Henry J. Boehle, Adolph Haby, Sr., Otto Schmidt and Frank A. Groff. The following were sworn in as talismen: Eugene Hueser, H. W. Schweers and Fritz de Groot.

The following business had been disposed of to noon Thursday.

C. W. Roberts vs. Aug. Gerdes, specific performance of contract. Dismissed.

M. Dominguez vs. Rosa Dominguez, divorce. Dismissed.

Ferdinand Nester vs. L. O. Johnson et al., suit on note. Dismissed.

Adams Co. vs. Ward Construction Co., suit on debt. Dismissed.

G. F. Adams vs. Ed. Rand et al., garnishment. Dismissed.

J. E. Schlottmann vs. Fritz Balzen and wife, suit for damages. Dismissed.

The Grand Jury returned four indictments, to-wit: Juan Perez, two cases for forgery. Juan Garza, burglary. — assault to murder.

The Grand Jury completed its labors and were excused for the term at noon Thursday.

The case of the Will Allen, Administrator, vs. Sallie Maverick Gray et al., suit to cancel note on deed of trust went to trial Thursday, and was given to the jury at 3:30 o'clock Thursday afternoon, the following serving as jurors in this case: L. R. Neuman, H. J. Boehle, Frank A. Groff, Eugene Hueser, H. W. Schweers, W. G. Poehler, Jno. G. Britsch, L. F. Rothe, W. O. Rothe, Otto Schmidt, Arthur Nester and Jno. N. Conrad.

The jury in this case, after due deliberation, returned a verdict in favor of the plaintiff late Thursday afternoon.

The petit jury for the week was discharged Thursday.

Quite a number of cases were continued.

Before adjourning the Grand Jury submitted the following report:

The State of Texas

County of Medina

In District Court of Medina County, Texas. April Term, 1924.

To the Honorable R. H. Burney, Judge of said Court:

The Grand Jury impanelled by Your Honor to serve at the above term of said Court beg leave to submit their final report as follows:

We have inquired closely into all offenses alleged to have occurred in this County coming within our individual and collective knowledge, those placed before us by the officers of the County, and those of which we were informed by citizens, and herewith return True Bills of Indictment upon all such cases in which sufficient evidence developed to warrant same in our opinion.

We have examined and approved all official reports filed before us.

We have given particular attention to the report of the auditing committee and wish to congratulate the County, thereon, upon the splendid condition of its finances and upon the accuracy of its officers in the

administration of their several duties. The Auditing Committee is also to be commended for its evident thoroughness and faithfulness in its work of investigation and in the manner and completeness of its report.

We have inspected the Court-House, Jail and other buildings belonging to the County and find same in good condition with one small exception, to-wit: the stone arch above the North second-story balcony window of the Court-House is in a weakened and loosened condition. We recommend to the Commissioner's Court that same be repaired by being reset with good mortar in such manner as to insure against further deterioration of the building in that particular.

The Jail is in sanitary and substantial condition, and the sheriff and his Chief Deputy are commended for their care in its maintenance and the consideration shown prisoners.

We have called before us several parties, chiefly young men, charged with imprudent manipulation of motor vehicles upon the public highways and streets, there being some cases of accident or near accident involved. None of these appeared of sufficient moment to require further attention than to seriously caution the parties examined. While the laws governing the use of highways are very plain, we feel it our duty to sound a note of warning to all persons operating automobiles and other motor vehicles to observe greater care in the control of such vehicles in order to relieve officers and future Grand Juries from far more drastic action and recommendations in such matters.

We respectfully request that this report be printed in the County Seat Newspaper.

We wish to thank Your Honor for the courtesies extended us by the Court and the consideration of the officers and bailiffs.

We have completed our labors with harmony and such diligence with which we are capable, and now ask that we be discharged.

Respectfully submitted,  
O. H. MILLER,  
Foreman of Grand Jury.

## REPORTER.

## GRAHAM-WYATT NUPTIALS.

Robert Norvell Graham, whose home is near San Antonio, and Miss Sarah Wyatt, of Sabinal, were quietly married at Hondo April 4, the Rev. Foster, pastor of the Methodist church of that place, officiating.

Mr. Graham is fairly well known in the Sabinal section, having been here for the past several months while engaged in the county highway work. He is a son of Dr. and Mrs. R. N. Graham.

Miss Wyatt is the daughter of Mr. and Mrs. T. E. Wyatt, of Sabinal, and was born and reared at this place. She graduated from the Main Avenue high school at San Antonio, and the Lady of the Lake college of that place. She is a teacher in the Knippa schools.

The young couple succeeded in keeping their marriage a secret until a few days ago.

They will reside in Sabinal until fall when Mr. Graham will go to New Orleans to enter Tulane University for the study of medicine.

Their many friends in Sabinal wish them every blessing in their new relationship.—Sabinal Sentinel.

The bride has many relatives and friends among Anvil Herald readers who join it in best wishes for her happiness.

AGENT FOR MEDINA COUNTY, HONDO, TEXAS.

## TEST IN MEDINA HAS OIL SHOWING.

With the well shut down at 2,266 feet awaiting the arrival of 6-inch casing, the operators drilling the California-Medina well in the northwest corner of Medina County, are very enthusiastic over the prospects of getting production in the Pennsylvania formation. Charles Hoffman and W. R. Painter, who are in charge of the operations, are in San Antonio for a few days, staying at the Elaine Hotel and Hoffman is leaving for California on business, to return at once.

Dr. Herman E. Peterson, geologist for the California-Medina Company, which is composed of Oakland, Cal., people, believes there is a good opportunity to obtain production in the Pennsylvania.

The well is now at 2,266 feet, with 8-inch set to 2,246 in black shale. The 20 feet below the 8-inch is black shale, black lime and brown shale in the order named and in which a good showing of oil and gas was found.

According to a correlation of the log of this test well, the Glenrose formation was passed through at 2,150 feet, followed by a bedding of magnetic sands analyzing black shales. Dr. Peterson is of the opinion that the drill has penetrated the top of the Pennsylvania series, which is known to exist across the line in Uvalde County a few miles west of this well. Black shale is characteristic of the top of the Pennsylvania formation in that locality.

Six-inch casing has been ordered and operations will be resumed as soon as Hoffman returns from California.

There has been considerable activity in Medina County of late and geologists of a number of the major oil companies have been in the county and on their recommendations a number of good sized leases have been purchased. Drilling operations are to start soon on the Finger tract south of Hondo, on which the contract calls for drilling to the Georgetown-Edwards production at Luling coming from the Edwards formation.

On the Zerr tract the Odell, Haupt & Bond test is shut down for a few days. The operators are Oklahoma oil operators. Reports are indefinite as to the Humble well in Bandera County, a few miles west of the California-Medina test, but reports state that the test is down below 3,000 and fishing for some 6-inch casing. The report has not been verified—Tuesday's Express.

## FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 176 borrowers, with \$688,480 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 23 year amortization repayment plan. Thirty-three thousand Texas farmers have taken advantage of this system of borrowing over ninety million dollars. Why not you? You may borrow for any purpose provided for in the Act, as a farmer only.

## NOTICE TO STOCKMEN.

## WANTS AN UNINSTRUCTED DELEGATION.

Texas should only be instructed as to principles, says Grover C. Morris, Assistant Attorney General, and quotes the following editorial from the Austin Statesman:

"The people are not able to exercise their right to choose a candidate since no candidate is prominent enough to command their attention. They can, however, as the Governor insists, exercise their right to determine the principles upon which the successful candidate at the convention must stand. This is a superior right, from which the other is derived. As the Governor showed when heckled at Weatherford by Judge T. F. Temple on the prohibition question, the principles once determined, the candidate will be controlled by them. It is, of course, better that the candidate should be in sympathy with the principles he will have to serve. Upon this the Governor declared that the Texas delegation should be left free to choose the best man available.

There can be no doubt as to the correctness of the Governor's position. There are even precedents for it in other states during the present pre-convention campaign. Many delegations will go to the national convention uninstructed for a candidate. Kansas is especially a shining example. There, the McAdoo forces consented to the State's delegation being instructed for its governor and left otherwise free, stating through spokesmen that the fight was not within the Democratic ranks but against the Republicans. The position of Governor Neff is even better than that taken in Kansas, for he seeks no empty honor for himself, but insists merely upon instructions for principles.

That McAdoo is disposed to make a losing fight in Texas when he has followed a different course in other states testifies to his desperation, and nothing more. He has lost in six important states and now if Texas turns a deaf ear to his insistence, his cause is conceded by the best political observers to be utterly hopeless. This fact adds only a final reason why the people of Texas should rally to the standard raised by their governor, for they do not wish to be made the sole dependence of a failing political fortune."

## SCHOOL CLOSSES.

The Vandenberg School closed Friday, the 18th. For the past two years, the school has been under the supervision of Mrs. Emma J. Shoop who formerly taught in the Public Schools of Illinois.

The building is a new one and modern in every way. The enrollment this year has been somewhat larger than the previous year, it being twenty-eight. There was an even division of boys and girls, fourteen of each.

Since September Mrs. Shoop has enrolled as visitors to the regular school work, one hundred and five. Last year there were thirty-eight, making a total of one hundred and forty-three. This is very encouraging to the pupils and teacher and shows the interest the community has in its school.

At a recent program given by the school March 21, about one hundred and thirty-three dollars was realized from the sale of boxes, cake, coffee, pies, etc. This money was expended by the Trustees to meet the expense of the school as new maps and black-boards had been purchased this year.

At the County Fair in September this school was awarded a premium of five dollars for rural school work in art and writing.

At the recent County Meet, one of the fifth grade girls, Elva Mumme, won second in Junior Declamation for rural school.

Mrs. Shoop has been asked to remain another year and with a substantial increase of salary but as yet has not decided to return.

## A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

## CAUGHT IN PASSING

Every cloud has a silver lining, but you have to rise above it to see it.

Not the simple life is the simpleton life. The latter is usually expensive.

A woman seldom dresses to please her husband—unless she pays the bills. Stop worrying about the sorrows of yesterday and go after the joys of today.

When you talk louder than the other fellow it's a sign you're wrong and he's right.

As a rule when a man begins to look for trouble he overestimates his capacity.

Every man is as old as he feels, but he should try to look younger to please his wife.

Every woman has a certain look with which she thinks she can squelch a man.

Getting into trouble is generally expensive, but some people just will have expensive things.

Poetry of love is transformed into prose when matrimony reaches the paregoric stage.

If a bad habit hasn't killed a man by the time he is seventy-five, he is pretty sure it won't.

The halo a man sees on a girl's head during courtship develops into a bonnet after marriage.

So many people are imposed on because they fear they may be entertaining an angel unawares.

Any man who can keep his umbrellas in the right place has the faculty of saving money.

No one now offers any moralizing on the blessings of poverty. It is called "the simple life."

If there is such a thing as a perfect woman it must be one who is able to conceal her imperfections.

## MADE WISE CHOICE OF WIFE

John Brown's Helpmate Apparently Ideal Woman for a Man of His Stern Disposition.

John Brown, whose body later on lay "a-moldering in the grave," once described the lady who afterward became his wife as a "remarkably plain but neat, industrious and economical girl." These latter virtues seem to have atoned for her want of physical charm, for he and Dianthe Lusk were married when she was nineteen and he was only twenty.

Dianthe was a strong-minded woman, but she made John an excellent wife, and their twelve years of married life—terminated by her early death—were most happy. He was a man of decided and violent disposition, and his wife is said to have possessed the faculty of getting him to do as she wished and causing him to believe that it was his idea all along. She died in 1832, twelve years after their marriage and just after the birth of their seventh child.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.
